Product Description

Cub Cadet Z1 42 42" Zero Turn Mower

Answer the call of large properties and varying terrain with the Ultima Series Z1 42 42-in. 547cc Zero-Turn Lawn Mower with IntelliPOWER®. Engineered to tackle hills and slopes up to 15-degrees, you can save time mowing with an Ultima Series™ zero-turn that's 25% faster than a tractor**. Featuring an IntelliPOWER® Engine to deliver up to 18% more available power*, for less bogging down when mowing in challenging conditions

- IntelliPOWER® Engines deliver up to 18% more available power*, resulting in less bogging down when mowing in challenging conditions like tall, thick, or wet grass.
- Dual hydrostatic transmissions are designed to eliminate shifting and allow for quick and easy 7 MPH forward (3.5 MPH reverse) ground speeds for a smooth drive.
- 42-in. steel cutting deck with smooth arc dual-blades, cut overlap, and deep dome deck design provides flawless results, mows a wide area of grass to help reduce cutting time, is rust-resistant, and provides your lawn with a signature cut.
- Protect against wear and tear while being the envy of your neighborhood with a continuous, 2x2 tubular steel frame designed to withstand heavy loads and provide stability on rough, uneven terrain.

Features

- **42" Steel Cutting Deck with Dual-Blade Design** - Smooth arc blades with cut overlap and deep dome deck design for a clean, consistent signature cut.
- **IntelliPOWER® AX90Z0 Engine System** - Delivers up to 18% more available power for improved performance in tough mowing conditions.
- **Dual Hydrostatic Transmission System** - Eliminates shifting and provides smooth operation with forward speeds up to 7 MPH and reverse up to 3.5 MPH.
- **Ultima Series™ Zero-Turn Platform** - Engineered for faster mowing performance, up to 25% quicker than a traditional tractor.
- **Slope-Ready Capability (Up to 15°)** - Designed to handle hills and uneven terrain with stability and control.

- **2×2 Tubular Steel Frame Construction** - Built for durability, heavy loads, and long-term structural strength on rough terrain.
- **Wide-Cut Efficiency Design** - Covers more ground per pass to reduce mowing time and improve productivity.
- **Rust-Resistant Deck Build** - Enhances durability and helps maintain long-term cutting performance.

Best Use

- **Large Residential Properties** - Ideal for homeowners managing wide lawns needing faster mowing performance.
- **Light Commercial Lawn Care** - Suitable for property maintenance tasks requiring consistent cutting and durability.
- **Uneven and Sloped Terrain** - Built to handle challenging landscapes with stability and control.
- **High-Efficiency Mowing Jobs** - Perfect for users looking to reduce mowing time while maintaining quality results with **mower maintenance tips** for long-term reliability.

Zero-Turn Mower for Fast and Reliable Lawn Performance
