Product Description

Cub Cadet Z2 50 50" Zero Turn Mower

Answer the call of large properties and varying terrain with the Ultima Series™. The Cub Cadet® Ultima Series Z2 50 50-in. 23 HP*/726cc Zero-Turn Lawn Mower with AeroForce™ Fabricated Deck is designed to deliver uncompromised performance, durable strength, and proven results. Built with premium comfort features engineered to provide the ultimate mowing experience this mower helps you tackle hills and slopes up to 15-degrees. Save time mowing with an Ultima Series™ zero-turn, 25% faster than a tractor**

- The Ultimate Mowing Experience from Cub Cadet® is powered by a reliable 23 HP*/726cc Kawasaki® Engine.
- Dual hydrostatic transmissions are designed to eliminate shifting and allow for quick and easy 7 MPH forward (3.5 MPH reverse) ground speeds for a smooth drive.
- An AeroForce™ welded, heavy-duty fabricated deck delivers a signature cut with few clumps and stragglers, fine clippings and evenness.

Features

- **50" AeroForce™ Fabricated Deck** - Heavy-duty welded deck designed for a clean, even cut with minimal clumping and stragglers.
- **Kawasaki® FR651V Engine** - Reliable 23 HP / 726cc engine delivers consistent power for demanding mowing conditions.
- **Dual Hydrostatic Transmissions** - Provides smooth operation with easy control and eliminates the need for shifting.
- **Up to 7 MPH Forward Speed** - Supports faster mowing cycles for improved productivity on large properties.
- **Up to 3.5 MPH Reverse Speed** - Enhances maneuverability and control in tight or complex areas.
- **Slope Capability Up to 15°** - Designed to handle hills and uneven terrain with stability and confidence.
- **Commercial-Grade Fabricated Deck** - Built for durability and long-term performance in heavy use applications.
- **Ultima Series™ Engineering** - Combines comfort, strength, and performance for efficient mowing results.

Best Use

- **Large Property Maintenance** – Ideal for homeowners and operators managing expansive lawns and acreage.
- **Sloped and Uneven Terrain** – Built to perform on hills up to 15 degrees with stable handling.
- **High-Efficiency Lawn Care** – Perfect for users needing faster mowing times compared to traditional tractors.
- **Residential and Light Commercial Use** – Suitable for demanding lawn maintenance with consistent performance needs.

Commercial-Grade Zero Turn Mower for Large Property Performance

The Cub Cadet Z2 50 Zero Turn Mower delivers reliable performance with a 50" AeroForce™ fabricated deck, Kawasaki® FR651V engine, and dual hydrostatic transmissions designed for smooth and efficient mowing.
