Product Description

Cub Cadet Z2 50S 50" Zero Turn Mower

Step up to the advanced Ultima Series™, [Cub Cadet® Ultima Series](#) Z2 50S 50-in. 23 HP* Zero-Turn Lawn Mower with AeroForce™ Fabricated Deck and Synchro-Steer™ Technology is engineered for precision, control, and stability on challenging terrain. Don't back down from hills and slopes up to 20-degrees**. Synchro-Steer™ technology offers 4-wheel control and provides stability for straight-line mowing on hillsides. Experience uncompromised performance and durable strength, designed to help you mow efficiently and maintain control.

- Experience the ultimate in control even when facing slopes and hills up to 20-degrees with Cub Cadet® steering wheel zero-turns equipped with patented Synchro-Steer™ technology.
- The Ultimate Mowing Experience from Cub Cadet® is powered by a reliable Kawasaki® Engine. A 23 HP* Kawasaki® twin-cylinder OHV engine delivers high-performance to tackle your yard.
- Dual hydrostatic transmissions are designed to eliminate shifting and allow for quick and easy 7 MPH forward (3.5 MPH reverse) ground speeds for a smooth drive.

Features

- **50" AeroForce™ Fabricated Deck** - Heavy-duty welded deck delivers a clean, even cut with reduced clumping and consistent results.
- **Kawasaki® FR691V Engine** - 23 HP twin-cylinder engine provides reliable power for demanding mowing conditions.
- **Synchro-Steer™ Technology** - Advanced 4-wheel steering system improves stability and straight-line control on slopes.
- **Slope Capability Up to 20°** - Engineered to handle steeper hills and uneven terrain with enhanced control and safety.
- **Dual Hydrostatic Transmissions** - Eliminates shifting and provides smooth ground speed control up to 7 MPH forward.
- **3.5 MPH Reverse Speed** - Supports precise maneuvering in tight or complex mowing environments.
- **Ultima Series™ Engineering** - Designed for improved control, durability, and efficient mowing performance.
- **OHV Twin-Cylinder Power** - Ensures consistent cutting performance and long-term engine reliability.

Best Use

- **Hilly and Sloped Properties** – Ideal for maintaining landscapes with steep or uneven terrain up to 20 degrees.
- **Large Residential and Light Commercial Work** – Suitable for demanding lawn care requiring precision and stability.
- **High-Accuracy Mowing Jobs** – Synchro-Steer™ technology supports straight-line cutting on challenging ground.
- **Professional Property Maintenance** – Built for operators who need control, comfort, and durability in varied conditions.

Advanced Steering Zero Turn Mower for Sloped Terrain Control

The Cub Cadet Z2 50S Zero Turn Mower delivers reliable performance with a 50" AeroForce™ fabricated deck, Kawasaki® FR691V engine, and Synchro-Steer™ technology designed for maximum stability on slopes. This [reliable zero turn mower](#) is built for operators who need precision, control, and confidence when mowing on challenging or uneven terrain.
