Product Description

Cub Cadet Z3 50S 50" Zero Turn Mower

Step up to the advanced Ultima Series™, the Cub Cadet® Ultima Series Z3 50S 50-in. 23 HP* Zero-Turn Lawn Mower with AeroForce™ Fabricated Deck and Synchro-Steer™ Technology is engineered for precision, control, and stability on challenging terrain. Don't back down from hills and slopes up to 20-degrees**. Synchro-Steer™ technology offers 4-wheel control and provides stability for straight-line mowing on hillsides. Experience uncompromised performance and durable strength, designed to help you mow efficiently and maintain control.

- Experience the ultimate in control even when facing slopes and hills up to 20-degrees with Cub Cadet® steering wheel zero-turns equipped with patented Synchro-Steer™ technology.
- The Ultimate Mowing Experience from Cub Cadet® is powered by a reliable Kawasaki® Engine. A 23 HP* Kawasaki® twin-cylinder OHV engine delivers high-performance to tackle your yard.
- Dual hydrostatic transmissions are designed to eliminate shifting and allow for quick and easy 7 MPH forward (3.5 MPH reverse) ground speeds for a smooth drive.

Features

Convert raw manufacturer descriptions and specifications into SEO-optimized product content using the exact structure below.

- 23 HP Kawasaki® FR691V Engine - Twin-cylinder OHV engine delivers dependable power and performance for demanding mowing applications.
- 50-Inch AeroForce™ Fabricated Deck - Heavy-duty fabricated deck engineered for a clean, even cut with fewer clumps and stragglers.
- Synchro-Steer™ Technology - Patented 4-wheel control system provides enhanced stability and precise straight-line mowing on hillsides.
- 20-Degree Slope Capability - Designed to confidently handle steeper hills and challenging terrain while maintaining control.
- Dual Hydrostatic Transmissions - Eliminates shifting and delivers smooth, responsive operation with up to 7 MPH forward speed.

- **Steering Wheel Zero-Turn Control** - Combines the maneuverability of a zero-turn mower with the familiar control of a steering wheel.
- **Commercial-Grade Durability** - Built for long-lasting strength and reliable performance in demanding lawn care environments.

Best Use

- **Hilly Property Maintenance** - Ideal for properties with slopes and uneven terrain requiring added stability and control.
- **Commercial Landscaping Operations** - Perfect for professional crews needing precision mowing and dependable daily performance.
- **Large Residential Lawns** - Great for homeowners seeking faster mowing and a professional-quality finish.
- **Challenging Terrain Applications** - Synchro-Steer™ technology makes it well-suited for mowing hillsides and difficult landscapes.
- **Value-Conscious Equipment Buyers** - An excellent option for customers looking to take advantage of [Pennyrile Deals](#) while upgrading to a premium zero-turn mower.
