Product Description

Cub Cadet ZTXS5 60" Zero-Turn Mower

- Synchro-Steer™ technology offers 4-wheel control helps and provides stability for straight-line mowing on hillsides and slopes up to 20°
- A 24 HP* Kawasaki FS Series V-twin OHV engine delivers high-performance power and exceptionally smooth, quiet operation
- Commercial grade dual hydrostatic rear-wheel transmissions for quick and easy mowing up to 8.5 MPH forward (3.5 MPH reverse) zero-turn controlled ground speeds.

Features

- **24 HP Kawasaki® FS Series V-Twin OHV Engine** - Provides high-performance power with exceptionally smooth and quiet operation for demanding residential mowing.
- **Synchro-Steer™ Technology** - Offers 4-wheel control to improve stability and maintain straight-line mowing on hillsides and slopes up to 20°.
- **60-Inch Fabricated Deck** - Durable fabricated cutting deck delivers wide cutting coverage for efficiently maintaining large properties.
- **Commercial-Grade Dual Hydrostatic Transmissions** - Provides responsive zero-turn control with forward speeds up to 8.5 MPH and reverse speeds up to 3.5 MPH.
- **Zero-Turn Maneuverability** - Designed for quick, precise turns around trees, landscaping, and other obstacles.
- **Residential Performance** - Combines commercial-inspired components with features designed for homeowners managing larger lawns.

Best Use

- **Large Residential Properties** – Ideal for homeowners maintaining expansive lawns with greater efficiency.
- **Hilly and Sloped Terrain** – Synchro-Steer™ technology helps improve stability when mowing slopes up to 20°.
- **Fast Weekly Lawn Maintenance** – The wide 60-inch deck and high ground speeds help reduce mowing time on larger properties.
- **Obstacle-Rich Landscapes** – Zero-turn maneuverability makes it easy to mow around trees, flower beds, and other landscape features.

60-Inch Residential Zero-Turn Mower for Hills and Large Lawns

The Cub Cadet ZTXS5 60" Zero-Turn Mower is built to handle large residential properties with a 24 HP Kawasaki® FS Series V-twin OHV engine, a durable 60-inch fabricated deck, and Synchro-Steer™ technology for enhanced control on slopes up to 20°. This [reliable zero turn mower](#) delivers smooth performance, excellent maneuverability, and efficient cutting for homeowners who want professional-looking results.
