Product Description

Honda EU2200i Super Quiet Inverter Generator

2200 watt 120V inverter generator with CO-MINDER™

- Ideal for TV, DVD, satellite, fridge, coffee pot, & more
- Super quiet & lightweight
- Inverter - stable power
- Honda My Generator app + Bluetooth® capability
- CO-MINDER: advanced carbon monoxide detection system

More power. Same legendary quality.

The EU2200i delivers 10% more power than the previous EU2000i - enabling you to power more of what you need, in the same lightweight, compact package. Whether it's an extra refrigerator at home, a larger saw on your construction site, or a larger TV at your tailgate party, the EU2200i gives you the power to get more done.

Honda GXR120 Engine - Commercial grade reliability

The EU2200i is powered by the Honda GXR120 Commercial Series engine. The GXR120 delivers exceptionally quiet, smooth, fuel-efficient performance in a small, lightweight package. The size of a generator's engine directly correlates to how much power it can produce. At 121cc, the GXR120 is at the top of its class - ensuring the EU2200 always produces the power you need to get the job done. Originally developed for heavy-duty construction equipment, the GXR120 also delivers superb durability and reliability.

CO-MINDER: Advanced Carbon Monoxide Detection System

CO-MINDER™ continuously monitors carbon monoxide (CO) levels. It automatically shuts down the generator before detected CO levels near the generator become dangerously high.
